HÄFELE

## *FUTURE PROOF*

With a selection of different modules and configurations, the Dream Monitor Arm can easily adapt to any modern workspace.

## FEATURES & BENEFITS

The Dream Monitor Arm, from the originators of Spring Technology Monitor Arms, is an Australian Designed, Multi-Directional Flat Screen Monitor of the flexible future. Produced from Hi tech polymer and Aluminium, this simple product introduces tool free adaption of elements, adjustment and tension.

Easy to use Spring Adjuster, means arm can easily adapt to different screen weights; iPad up to 24 inch screens.

Screen can rotate 90° in either direction and can be adapted for touch screen users.

Modular Connectivity means arms can easily be customised for user or employer preferences.

Easy to install from above and between desk and partition.

To suit clamp on or bolt through.
