FINELINE MOSAIQ OUTSTANDINGLY VERSATILE

FINELINE MOSAIQ

Who would have thought that the inside of drawers and pull-outs could be so tidy, functional and individual. FineLine MosaiQ is fun to plan and work with. Made with a material mix of warmly attractive wood and fine metal, the range creates a contemporary, high-end look and a balanced, visual link to carefully chosen kitchen fronts.

OAK & ASH

American natural oak and European black ash are the woods we choose to work with. Because they cover a wide range from pale to dark shades, because they offer any number of combination options and because of the distinctive grains and their outstanding workability. They look wonderful and will function perfectly through many years of use.
