WELCOME TO HÄFELE

Established in 1982, Häfele Australia has been bringing you the latest innovations, sourced from either our own manufacturing plants, or from our partners around the world, for over 35 years. With showrooms and design centres in all states across Australia, we are at your side Australia-wide and look forward to being of service to you for many years to come.

Since Häfele began in Germany in 1923, we have been dedicated to bringing quality, not only to our products, but to each customer relationship. Quality is the driving force guiding the efforts of our employees worldwide. As the company's reach has expanded around the world, Häfele strives to make these values universal. This is accomplished through the remarkable breadth of expertise that Häfele uses every day to help our customers.

DECORATIVE HARDWARE

In addition to design and function, reliable quality is one of the most important factors in the selection of furniture handles. However, depending on the application's specifics the required standards can vary dramatically. Through over 90 years of experience we know these requirements very well. We incorporate this knowledge in our quality guidelines.

Reliable quality – to suit everyone.

WASTE SOLUTIONS

When designing a kitchen there are a few thorns in a designer's side that need to be addressed. Restrictions of space often apply, so being clever and creative when it comes to packing in the most functionality and amenity is key. Waste management solutions that allow you to make the most of full height or part height drawers make designing, and living, that much easier.

Kitchen Fittings

QANTO

NINKA QANTO

Ergonomic. Innovative. Timeless.
New solution for your base cabinet

Planning the optimum kitchen is an art in itself. Every centimeter counts, and in almost every case the planner faces the same challenge: How can kitchens with an L- or U-shaped layout use the inaccessible space in the Corners?

Qanto solves this by providing two or three vertically rising trays for maximum space usage.

Kitchen Fittings

Sliding & Folding

16

TWINLINE

Twinline 25/50 is a superior bi-folding door system that is manufactured in Europe to achieve extremely smooth and quiet operation.

The range is high value for money and provides you with a superb solution for full overlay doors that provide complete access to the cabinet interior.

Features include:

- > Super smooth movement with ball bearing rollers to all control surfaces
- > Systems for doors weights up to 25kg or 50kg.
- > Suitable for door widths of up to 600mm.
- > Ideally suited to kitchen, laundry and bedroom fitouts.
- > Suits timber doors.

LED STRIP LIGHTS

LOOX. THE COMPREHENSIVE ASSORTMENT OF LIGHT AND FUNCTIONS

To achieve different lighting effects is one thing. To respond to different installation situations, is something else altogether. With the large number of components in the Loox LED system both are possible. From the wide-angle beam of interior cabinet lighting to incorporating a door contact switch combined with drawer lighting. Finally, discover the broad range of light options with our multi white and RGB light options to bring you both mood and functional lighting in your home.

MANY OPTIONS. LOW COST.

Loox. The LED lighting system. Engineered by Häfele.

The intelligent drivers represent the core of the Loox system. Not only do they provide different numbers of lights with the power that is required, but they are also suitable for the different voltages and frequencies all over the world, recognise different types of switch, can be used for dimming and can be combined in many different ways. International testing and certification make the use thereof extremely safe and easy.

OFFICE EQUIPMENT

Flexibility and functionality are the key aspects Häfele keep in mind when putting together our office equipment range. We want to make sure that our products will suit any user and make a more efficient use of their workspace by being adjustable, modular and flexible.

From the Australian designed Dream Monitor Arm to our height adjustable Beta workstations, Häfele has a product for your office that will look good and last for years to come.

The Dream Monitor Arm, from the originators of Spring Technology Monitor Arms, is an Australian Designed, Multi-Directional Flat Screen Monitor of the flexible future. Produced from Hi tech polymer and Aluminium, this simple product introduces tool free adaption of elements, adjustment and tension.

CUCINA APERTO 2

CUCINA APERTO 4

CUCINA APERTO 3

ALFRESCO KITCHEN

Whether you're looking for a holiday getaway in your backyard or an entertainer's dream area, the Häfele Alfresco Kitchen range will make it happen.

Designed and made to suit any environment, space and use, the Alfresco range includes six colour schemes and 4 different layouts to help you make the most of the great outdoors.

With all working parts of the BBQ cleanly tucked away into the built-in cabinetry, your Alfresco area is ready to weather the rain, hail or shine when not in use. With granite bench tops, and easy to clean door and drawer fronts, the Alfresco kitchen will last you for years to come.

ACCESS FOR ALL

Designing an inclusive space is very much about looking at the small details to make a big difference. It's best to start with the needs of the individual and think in context of a multi-user family home to make sure the space is functional for everyone.

Our goal is to make it easy to see and reach everything whether in your cabinets or on your benchtops. From the Ropox electric lift system to our safety stop mechanisms, Häfele ensure safety in use and operation no matter who uses it.

We have made it a priority to ensure that all of our customers can benefit from the innovation at Häfele and can have a home that not only works for you now but for the whole family in the future.

AXILO ADJUSTABLE LEG

Häfele's Axilo™ plinth adjusting system serves as an arm extension that can be used for any angle with its convenient operation by hand or drill.

The Axilo™ system has been engineered by Häfele to make plinth adjustment easier from 53 to 220 mm by ensuring you can make adjustments while keeping your spirit level in sight. Häfele Axilo™ adjustable legs can hold up to 150 kg each, once adjusted. Even the hardest to reach parts of a corner cabinet are no problem using the Axilo™ adjusting tool.

IRONFIX IRONING BOARD

Living & Wardrobe Solutions

HOME SAFE

IRONFIX IRONING BOARD

WARDROBE FITTINGS

Häfele wardrobes are designed to provide greater possibilities for space-saving storage and organisation than ever before. Your wardrobe solution must be easily adapted to your space and be flexible for your changing needs.

It's so important to have a variety of options, too. Häfele provides you with the full customisable wardrobe range to make sure there is plenty of space to stack, hang, fold and put away your items every time.

Whether its for your bedroom, guest room or just some extra storage. Häfele has the solution.

EXTENDING MIRROR

Kesseböhmer is a family-run business originally founded in 1954, in Bad Essen, Germany and today employing more than 2,750 employees. Specialising in solutions for furniture fitting systems, the name Kesseböhmer stands for innovative solutions and a powerful blend of design, function and quality. Today the Kesseböhmer group is still owned and managed by the current generation of the founding family.

Kesseböhmer supplies elegant, high quality solutions for brilliantly organised kitchen storage. Their solutions help end users to make best use of available space and to streamline work processes. These benefits are strong selling points for kitchens. In addition, kitchen manufacturers and kitchen fitters profit from the simplified assembly and easy adjustment of their pull-outs and other fittings. Many of the Kesseböhmer products are assembled without tools using snap-on connections. It saves time and ensures that the end result meets the highest standards. Designs that impress – Quality that sets the standards.

ANTHRACITE

Bringing natural beauty into your home.

Häfele now brings you the latest in home interior colour trends, the all new anthracite powder coat finish for most Kesseböhmer products.

Anthracite is a dark grey colour that pairs well with all other colours of your kitchen. It really makes natural tones and materials stand out.

Across Europe, Anthracite is the colour of choice in furniture, home decor and interior design. It blends well with both traditional and contemporary kitchens to bring a refined finishing touch to your home.

The Anthracite finish is now available across all major Kesseböhmer products to bring you another practical and attractive product.

Kitchen Fittings

8

YOUBOXX

 **KESSEBÖHMER**

YouBoxx is an intelligent organiser system that adds value to fittings. The YouBoxx system is designed to fit not only the DISPENSA Junior III, but is a universal system that works with DISPENSA, Comfort II and the new TANDEM side.

Personalised storage – as a highly modular system YouBoxx lets each customer configure the space inside their cupboard exactly the way it will work best for them. For example, as storage units for chopping or for breakfast.

Secure and clearly organised storage – the YouBoxx elements let users keep cupboard contents clearly separated and stored for quick retrieval. Storing small items safely in the boxes reduces the risk of them being mislaid. Bottles and other tall items are held firmly upright by the railing. YouBoxx can be arranged so as to minimise wasted space.

Kitchen Fittings

8

TANDEM SIDE

TANDEM SIDE

The new building block system of the modular storage unit is based on the concept of a new door shelf element. Different levels of comfort, convenience and style, plus Kesseböhmer product combinations, make it possible to match cabinets perfectly to the varying needs of customers, both in value and in functionality.

The Tandem Side allows you to have height adjustable trays on a door frame system where the weight is taken by the carcass and not the outer door. Tandem Side also gives you the flexibility of adding YouBoxx in combination with or without the Arena Style trays. Available in 2 heights, for Under-bench and Tall cabinets, the Tandem Side is a versatile pantry fitting.

TANDEM

KESSEBÖHMER - LARDER UNITS

Anything that makes storage more efficient and provides easier access to your pantry items whilst looking this good has got to be commended. Sleek and sophisticated, the storage solution of the Kesseböhmer Convoy range is the type of luxe internal additional everybody should have in their homes.

FINELINE

Who would have thought that the inside of drawers and pull-outs could be so tidy, functional and individual. FineLine MosaiQ is fun to plan and work with.

Made with a material mix of warmly attractive wood and fine metal, the range creates a contemporary, high-end look and a balanced, visual link to carefully chosen kitchen fronts.

SALICE

Salice holds a well-established position worldwide by virtue of its natural talent for innovation, careful attention to quality, efficiency of customer service, and reliability earned during more than 80 years of experience.

With 600 employees, a range of more than 3.000 products, an export ratio of 75% of turnover to more than 65 countries, 9 overseas subsidiaries and a network of sole agents and distributors covering all industrialised countries, Salice is one of the most prestigious brands in the global furniture industry.

SILENTIA +

Silentia+ allows a perfect and constant closing of the door in any condition, use and application. The innovative soft-close technology guarantees excellent performance to the complete range of hinges. Silentia+ includes numerous technological elements and maintains the aesthetics of the hinges of the first generation.

The two integrated silicone oil dampers guarantee an exceptional regularity of the decelerating strength providing a perfect closing to any kind of door under any conditions.

Silentia+ is also equipped with an innovative switch to delay the decelerating action. The activation of this switch allows the ideal decelerating strength to be achieved for all door sizes.

Hideaway Bins are made in New Zealand by Kitchen King® Ltd, a 100% family owned business.

Hideaway bins have built a strong reputation for the quality and innovation of their hidden storage solutions. The team at Hideaway collaborate with designers and manufacturers to constantly improve their storage solutions to meet the unique requirements of the Australasian market.

With an industry leading design and manufacturing process, Hideaway Bins continue to produce creative solutions for both residential and commercial storage, waste and recycling requirements.

CONCELO

Following 7 years of development and testing, Hideaway Bins are proud to introduce Concelo, an all-new premium range of waste bins.

Every aspect of the bin has been engineered to deliver a waste bin without compromise. Concelo boasts not just a clean design aesthetic, but it helps keep your kitchen looking and smelling clean.

It is the easiest bin in the world to keep clean, whilst it's new Active Lid helps control odours. Concelo introduces new features such as synchronised over extension runners engineered by Häfele, yet has all the functionality you would expect from Hideaway, including the flexibility to mount to any cabinet width over 400mm.

Kitchen Fittings

8

Hawa Sliding Solutions are an independent family-owned company that concentrates on high-quality sliding technologies and are the global market and technology leader for sliding hardware to suit buildings and furniture. Hawa continually create new impetus for sliding hardware with innovative applications, systems and materials. Superior product and system solutions inspire our customers in using sliding systems and make them successful.

Sliding & Folding

16

CONCEPTA

Two hardware concepts to revolutionise your room designs. Create space and optimise rooms: virtually no other system is more capable than HAWA-Concepta and HAWA-Folding Concepta.

They open up an especially versatile range of options through their well-designed and economical pivot, fold and slide-in technology.

All the more so as user friendliness has increased further still, operating noise is lower than ever and the HAWA-Folding Concepta program is significantly larger than before.

3-door systems, for example, are now possible without middle walls. And the new black anodized profiles set new aesthetic highlights.

Grass produce quality products, made exclusively in Austria and Germany, and are internationally successful, with more than 200 distributors around the globe. Grass hinge, runner and drawer systems are brand-name products which bring the furniture of renowned brands and exclusive cabinet makers to life.

Together the Grass and Häfele brands stand for visionary product developments, top quality, technical precision, progressive design and exemplary protection of the environment.

Drawers & Runners

2

NOVA PRO SCALA TIPMATIC SOFT CLOSE

Synonymous with versatility, neutral aesthetics, inspiration and creativity.

Clear design principles and perfect unity of form and function, makes Nova Pro Scala the perfect drawer solution.

The puristic design with its striking lines, right angles and small radii gives the double-wall metal drawer sides a timeless, technical and functional look. The special character of Nova Pro is hallmarked by its perfection down to the last detail and the modular system concept. From the precision craftsmanship of every part as well as the colour and surface finishes, everything is focused on perfect function, top quality and lasting value.

HÄFELE.COM.AU INTELLIGENT TOOL. THE HÄFELE WEBSITE.

PERSONAL ACCOUNT. MAXIMUM CONVENIENCE.

The "My Account" area is an active overview that allows you to find and order products more quickly. You can search through a well-organised list overview of previous orders that you have made using a keyword or a filter and re-order items.

A personal top 100 list shows the items that you have ordered most frequently – with a direct link to the shopping basket. You can create stock lists or create collections of items for projects, furniture items and the like using any number of wish lists. For current orders you can view details of which products in which package are on their way to you. Tangible help during everyday work.

AT A GLANCE: ALL OF THE DATA FOR YOUR PLANNING.

All information about the product is organised in an easily accessible way. You will also find other data which you require for planning: CAD and CAM data, photo galleries, service documents, installation instructions, ordering assistance, accessory references and much more – including the links to the relevant downloads. Every page of product details is designed in the same way, meaning you will easily manage in an intuitive way. This makes your digital furniture planning process easier and more reliable.

QUICK AND EASY. PRODUCT SEARCH.

Searching, finding and navigating have become more interactive and intuitive. You enter the required properties quickly and easily in accordance with your planning logic. The first recommendations arrive before you've finished entering the information. The more characteristics you enter, the more specific the recommendations will be. Images are also provided. You can also use intelligent filters to narrow down the selection (additionally or alternatively). You receive an overview with several alternative products, and can conveniently select and compare.

INSPIRATION: WITH IDEAS FOR LIVING

In the Ideas For Living area you will always find new suggestions for furniture and functional furnishing solutions from all – individually selectable – living areas. From practical detailed solutions to innovative room concepts. Comprehensively illustrated with detailed descriptions and a direct link to the Häfele products that have been used. You will find a great deal of inspiration in combination with the references from the project area, with which you can also impress your customers, of course.
