mirostone®

BY AMORINI

Mirostone® is a range of versatile worksurfaces that have all the beauty and feel of natural stone combined with exceptional practicality.

Fully versatile

Multiple Use

Mirostone's unique qualities make it the perfect surface for your kitchen, but it is equally at home being soaked in a busy bathroom or creating an air of sophistication in the bedroom.

Feel of natural stone

Beauty without the expense

Mirostone's unique qualities make it the perfect surface for your kitchen, but it is equally at home being soaked in a busy bathroom or creating an air of sophistication in the bedroom.

Durable

The resilient surface for modern living

Mirostone® is designed for modern living. Its solid construction means that Mirostone® can easily deal with the stresses and strains of being an intensively used surface in the heart of the home: in the kitchen. Please refer to our leaflet: How to care for your Mirostone® solid surfaces.

Hygienic

The safest surface

Mirostone® is a completely safe surface on which to prepare and eat food, even if the children have taken over the kitchen! It's easy to clean and waterproof so harmful germs are prevented from being retained on the surface.

Waterproof

Perfect for all wet areas

Mirostone® is a pure solid surface through and through. It has no chipboard or MDF core, making Mirostone® completely waterproof. Even the hot steam from an opened dishwasher cannot damage Mirostone®! This non-porous quality makes Mirostone® one of the most hygienic surfaces available.

The 100% waterproof quality of Mirostone® makes it one of the most hygienic surfaces available, because a clean, dry surface prevents bacteria from developing. Easy to maintain and user friendly, Mirostone®'s surface washes off every day marks with just soap and water, leaving it looking as good as new.

Colour all the way through

Consistent throughout

Mirostone's colourful stone effects are not just skin deep, they run consistently throughout its thickness. So now you can have uniquely stylish and practical worksurface features.

Speed of fitting

No special tools needed

Mirostone® can be safely installed in your home using standard woodworking tools. So Mirostone® successfully avoids all the time consuming delays and inconvenience of other surfaces.

And, the new silky surface texture of Mirostone® saves your installer time during the final finishing stage.

Ready to go with a 10 year warranty

Peace of mind

It's reassuring to know that all Mirostone® surfaces have a 10 year warranty. Ask your kitchen designer or installer for a care and maintenance kit and a copy of our leaflet: How to Care for your Mirostone® Solid Surfaces.

Mirostone's eight distinctive designs give you all the choice you need to complement your colour scheme...

Standard

Capri

Aspen White

Iconic Sand

Natural Quartz

All design are available in these sizes...

3050 x 600 x 20 mm

2050 x 600 x 20 mm

3050 x 900 x 20 mm

2000 x 900 x 20 mm

1000 x 900 x 20 mm

Surface finish

Being solid, your Mirostone® will be hand finished by your installer. We recommend when installed into a kitchen that Mirostone® is finished to a soft sheen. This will leave a surface that is beautiful, yet easy to maintain. It is possible to finish Mirostone® to a high gloss, however this is only suitable in areas where use of the surface will be gentler; such as in a typical bathroom. Please consult your installer to find out more details.

Premium

Nebbia Marble

Warm Grey

Bianco Marble

Diamond white
