

Press Release

Everything for the door and much more

New Door and Glass hardware from Häfele

Talk to any architect or builder and one thing is clear. What they do is more than an occupation. It's a preoccupation. The chance to bring something fresh to each and every project they begin.

At Häfele, we feel the same. Which is why when we decided to launch our second annual 'Everything for Door' campaign, we set ourselves the challenge to bring you fresh materials and finishes to drive your creativity further.

So here it is. You can now find door and glass architectural hardware from Dorma, Startec, and Kaba exclusively from Häfele. You heard that right. A complete collection of door solutions from Australia's leading brands, all under the one roof.

Better still, they're in stock and available for your next project.

Ready to create something fresh?
