SLIDER SC

FURNITURE FITTINGS FOR SUPPORTED SLIDING DOORS

The Slider SC sliding system makes installation of just about any size possible. Whether it's a new build or retrofit, the design has been carefully studied to provide easy installation and adaptation without any special fitting.

The floor running system features soft closing mechanisms integrated into the top track, with a maximum weight capacity of 50 kg per door. Silent and efficient rollers provide an effortless sliding motion.

VERTICAL PROFILES

The various vertical door profiles which are available in Silver and Black anodised provide a contemporary finish to any wardrobe.

DECORATIVE PROFILES

Optional accessories such as the decorative mid rail profile make unique design options possible.
